ceeded. With best wishes a Happy New Year,
I am Yousense. J. E. RUSH

ONLY TWO WEEKS MORE: At the End of That Time Daytona and Nearby Towns Will Be Connected by the Automobile Lines.

The Daytona Traction company is about ready for business. The company will start out with three automobiles and will put on as many more as traffic demands. Each machine, with the trailer, will have a capacity for carrying from 18 to 20 persons.

Dr. E. L. Potter is president and general manager, and E. C. Peters, of Columbus, Ohio, treasurer. The offices and headquarters of the company are located on the ground floor of the Seminole building.

Regular service will be instituted from Port Orange to Daytona, Sea Breeze and Silver Beach to Daytona, Ponce Park to Daytona, and Ormond to Ponce Park on the ocean beach.

The time card of this system of transportation will appear in the GAZETTE NEWS as soon as regular service is arranged.

The GAZETTE NEWS interviewed General Manager Potter and he gave out the following statement: "We feel very grateful for the courtesy extended by citizens of Daytona and will do even more than we promise. We believe that every citizen will be benefited and that every foot of their real estate will be increased in value by the introduction of this system. We propose at all times to use conservativeness and courtesy to the public in meeting teams, and if the community signifies by their patronage that it is satisfactory we will put on as many machines as seem to be practical to cover all the territory by regular schedule. While we have encountered but little opposition we feel that what we have uncovered will disappear when the people realize that they have a street car line without any of the unsightly poles, trolley wires or rails. If the road between here and Deland is made passable we will make two round trips per day and carry the mail. At present, as I am told, it takes four days for return mail to that place."

This offers an opportunity to residents of Daytona, DeLand and other connecting towns to have a perfect system of communication by a small outlay on their highways, so as to make them passable for automobiles.

The officers of the company had their smallest machine out several days this week and gave it trials over some of the poorest roads in the neighboring country and it very easily mastered the drifts of sand and fully demonstrated that it is not a "get off and push" affair. The company will also be prepared to take out special parties either by daylight or moonlight, a

VALUABLE BOOK FREE.

The New York World Almanac for 1901 is out. This book contains over 600 pages, treating among other things, exploration, statistics, literature, topography, finance, fraternities, sports, navy, railroads, colleges, tariff, history, politics, art, science, education and geography. It is to Americans what "Whittaker's" is to the British.

Barron's ements with the publisher are we are enabled to offer a copy free to anyone who pays \$1.50 for one year's subscription in advance, to the GAZETTE NEWS his offer is good only until the 15th of next month.

Thousands Sent in Exile

Every year a large number of poor stills whose savings are gone and racked with anguish are urged to go to another climate. But it is easily said and not always so. Don't be an exile when Dr. King's New Discovery for Consumption will cure you at home. It's the most valuable medicine for Coughs, Colds, and all Throat and Lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use.

If you want to enjoy the best entertainment of the season, by all means go to see the Ogden-Hatfield company at the Opera House Tuesday night.

If you want the news read the GAZETTE NEWS.

A BEAUTIFUL SIGHT.

The pencil-pusher of this great family moralist made his initial visit to Ormond Tuesday, and at the invitation of Manager Anderson, of the Hotel Ormond, viewed his beautiful grove, where hanging in bunches and clusters are thousands of grapefruit and oranges of various kinds. Mr. Faren, who has had charge of the grove for the past twenty years, is well versed in orange culture and explained fully of the diverse kinds of fruit which the grove produces. The grove occupies about five acres of ground near the north end of the Hotel Ormond and is the personal property of John Anderson. To a stranger in this part of the country, who has not seen a grove laden with fruit, it is a sight worth going many miles to see.

THEY'RE AFTER McGRIFF.

Will H. McGriff was arrested and before Mayor Brown Wednesday on the charge of doing contract work in Daytona without a license. Judge Stewart, of Deland, represented the defendant and City Prosecutor Spence looked after the city's side of the case.

A motion was made by Judge Stewart to set aside the case on the grounds that the ordinance was unconstitutional and showed discrimination, but the motion was overruled by the court. Evidence was then introduced to show that McGriff had violated the ordinance, and a fine of \$25.00 and costs was imposed upon him. His attorney immediately made a motion for a new trial and appealed to the circuit court. The case will come up in the April term and will no doubt be watched with interest by Daytonians.

COMING NEXT WEEK

For the opening attraction at the Opera House this winter Manager Thompson has the good fortune to announce that he has secured the famous Ogarita-Hatfield company to give one of their excellent performances on Tuesday evening Jan. 22. This company is famed for the excellence of their entertainments and a truly enjoyable evening is promised.

Senora Ogarita, is of Mexican birth, and such papers as the Chicago Times-Herald and New York Sun, in speaking of her work, concede her to be one of the most artistic and finished actresses now before the public. As Leah in the well known play of this name she is said to have no peer upon the American stage today. Mr. Hatfield, comedian of the company, is an able assistant to Ogarita, and one of the best character actors in the country. The bill for Tuesday night will comprise the following: W.S. Gilbert's "Happy Pair," "Laurel and Leah," and "Leah, the forsaken." Prices for the occasion will be 50 and 75. Tickets now on sale at Illuston's drug store.

A Prominent Chicago Woman Speaks

Prof. Ruxa Tyler, of Chicago, Vice-President Illinois Woman's Alliance in speaking of Clintonian's Cough Remedy says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it helped me at once. I am now entirely recovered and saving a doctor's bill, time and suffering. I will never be without this splendid medicine again." For sale by all druggists.

If you want to enjoy the best entertainment of the season, by all means go to see the Ogden-Hatfield company at the Opera House Tuesday night.

If you want the news read the GAZETTE NEWS.

CITY DADS' MEETING

The city council met Monday evening in regular session with President proton Atwood in the chair and the following members present: Messrs. Conrad, Rix, Hankerson and Schmidt.

A message from Mayor Brown concerning Fire Limit Ordinance was read and it was moved by Ald. Hankerson to receive same for further consideration; carried.

An ordinance regulating speed of automobiles in the city and requiring same be run by licensed engineer was read and it was moved by Ald. Hankerson and seconded by Ald. Schmidt that same be passed on first reading. Application of S. E. Bullard for the permission to haul boats out on city sand for year 1901 was read. Moved by Ald. Rix, seconded by Ald. Conrad that request be referred; carried.

Moved by Ald. Rix, seconded by Ald. Schmidt that clerk be requested to issue a warrant to the sheriff to seize and shanghai all islands to vacate in ninety days; carried.

Request of L. Thompson for board in parsonage in front of Opera House was read. Moved by Ald. Rix, seconded by Ald. Hankerson that same be refused; carried.

Resignation of R. L. Wall as member of city council to take effect after first regular meeting in February was read and it was moved by Ald. Hankerson, seconded by Ald. Rix that same be accepted; carried.

Moved by Alderman Smith, seconded by Alderman Rix to notify J. W. Hendon to clean up 4 blocks 1; carried.

Moved by Ald. Schmidt, seconded by Ald. Rix that assessor's salary for 1901 be \$250; carried.

Moved by Ald. Hankerson, seconded by Ald. Conrad that street committee be authorized to negotiate with Mr. Moore to purchase team of mules, wagon, etc., if they should see fit and at such price as they shall consider right; carried.

Moved by Ald. Schmidt, seconded by Ald. Rix that Chair appoint a committee of three to revise charter for presentation to Legislature and report same to Council carried. Chair appointed Ald. Schmidt, Conrad and Rix as such committee.

After passing on the usual number of bills the council adjourned.

AT IT AGAIN

Wednesday evening Mrs. Nellie Damon went out for about twenty-five minutes to call on friends and during her absence a thief broke a pane of glass out of her window, removed the fastenings and climbed inside after which he opened the door and let in an accomplice. Together they made a search of the house and found a five dollar bill laying on the bed which Mrs. Damon had placed there shortly before going out. After apprising thus they went up stairs in search of more treasure but did not succeed in finding any. It is said this has not been the first occurrence of this kind in Daytona recently and indications go to show that the same gang is among most of the "hooligans" work. If caught in these acts a outlet would be the best medicine for these scums of the human race.
